

# Swedish Mining Innovation PhD student network Kiruna Workshop: The Role of Mining in Society and the Role of Society in Mining

Second circular, 2023-03-10

Dear member,

We are excited to announce that registration is now open for the first Swedish Mining Innovation PhD Student Network Workshop of 2023: **The Role of Mining in Society and the Role of Society in Mining**. The workshop will take us on a tour from Luleå to and around Kiruna from 19th to 21st April. We will listen to several interesting talks from different perspectives on the theme while visiting mines, businesses, and organizations active in Norrbotten.

According to our schedule, the workshop will begin in Luleå on the 19th of April. However, if you need to travel to Luleå, we recommend that you arrive the day before (18th of April). We will book a hotel room for you on that night. If you intend to arrive early, it is very important that you indicate this in the registration.

All transportation from Luleå to Kiruna and back to Luleå is included. We will be staying two nights (19th-20th and 20th-21st) in the Scandic hotel in Kiruna. Please note that double rooms have been booked. If you have reasons not to share a room with anyone, please contact me and Nils.

Fika, lunch, and dinner are included, except for dinner on the 18th (if you arrive early) and the 21st (when we will all be going home).

**Registration link** (you can also scan the QR code): <https://www.ltu.se/research/subjects/Malm-geologi/nyheter/Swedish-Mining-Innovation-PhD-Student-Network-in-Kiruna-1.228262?l=en>

**Notice that registration closes 2023-04-03 at 23:59.**

If you have any questions do not hesitate to e-mail me or Nils:

Filip: [filip.siman@ltu.se](mailto:filip.siman@ltu.se)

Nils: [nils.jansson@ltu.se](mailto:nils.jansson@ltu.se)

We look forward to seeing you all in Kiruna!
